

# PYRAMID HOUSE

Founded 1977

PYRAMID HOUSE is a residential halfway house, housing individuals who are former state and federal inmates making a transition from incarceration to community living and those designated by the federal courts to serve community custody time.

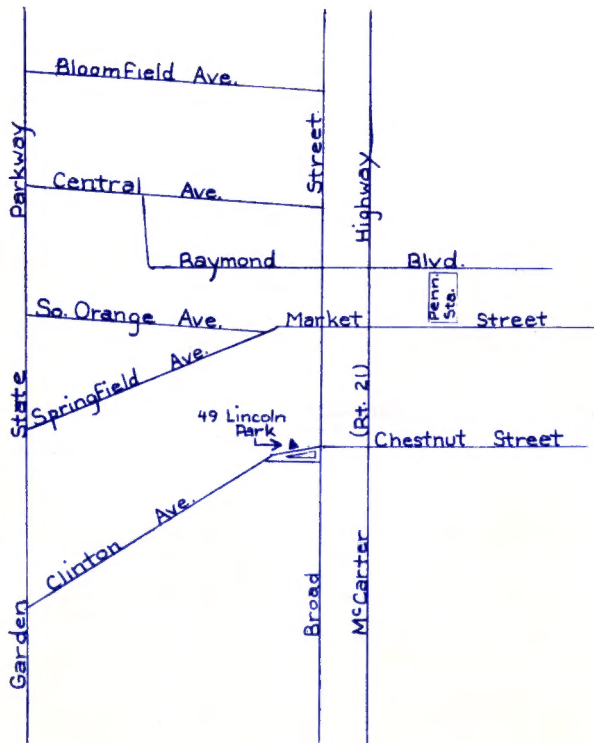

PYRAMID HOUSE is located in the historic Lincoln Park area of Newark. Public transportation; buses, trains, taxis, and subway are readily accessible to facility residents.

PYRAMID HOUSE was founded on the ideology that recidivism can be significantly reduced by placing ex-offenders in a program of planned positive goal attainment. With a "family type" atmosphere, the ex-offender can develop a sense of being part of a community, renewing family ties and building an economic base.

With a 24 hour staff of nine, Pyramid House offers the following services:

- Individual Counseling
- Group Counseling
- Family Counseling
- Employment Counseling & Referrals
- Financial Planning
- Technical Skills Referrals
- Educational Assistance
- Housing Assistance
- Medical Services
- Drug Aftercare Referrals
- Alcoholic Aftercare Referrals
- Psychiatric Aftercare Referrals
- Gamblers Aftercare Referrals
